Table 2. 100 Companies and Their Subsidiaries Listed According to Net Value of Prime Contract Awards 9

INTRODUCTION

This report presents summary data on the 100 companies and their subsidiaries receiving the largest dollar volume of Department of Defense (DoD) prime contract awards during fiscal year (FY) 1987. Table 1, (page 7) lists the 100 companies in alphabetical order and gives their associated rank. Table 2 (page 9) identifies the parent companies in rank order, with their subsidiaries, and gives the total net value of awards for both the parent company and its subsidiaries. In many cases the parent company receives no awards itself but appears on the list because of its subsidiaries. Table 2 also shows what percent of the total awards each company's awards represent as well as the cumulative percent represented by all companies.

NOTES ON COVERAGE

Data in this report reflect the net value of both debit and credit procurement actions over $25,000; e.g. the value of a terminated contract or other downward adjustment to a contract is deducted from a firm's total award amount, while modifications and other positive adjustments are treated as increases. Procurement actions include definitive contracts, the obligated portions of letter contracts, job orders, task orders, delivery orders, and any other orders against existing contracts. Research and development, services, construction, and supply and equipment contracts, worldwide, are included.

The report does not include those parts of indefinite quantity contracts that have not been translated into specific orders to business firms, or those contracts that have not yet become mutually binding agreements between the government and the company. The company totals do not include contracts made by other U.S. Government agencies and financed with Department of Defense funds or contracts awarded in foreign nations through their respective governments.

DATA RELATING TO COMPANIES IN THIS PUBLICATION ARE SUBJECT TO THE ACCURACY OF THE DUN & BRADSTREET CORPORATION'S DATA UNIVERSAL NUMBERING SYSTEM AND ITS ABILITY TO DESCRIBE RELATIONSHIPS OF COMPANIES.

HIGHLIGHTS

Department of Defense prime contract awards over $25,000 totaled $142.5 billion during FY 1987, $3.2 billion less than in FY 1986. The 100 firms and their subsidiaries receiving the largest amount of DoD contracts in FY 1987 received $95.4 billion or 66.9 percent of this amount, primarily for aircraft, missile/space systems, ships, and electronics & communications equipment. In FY 1986 the top 100 companies received $98.6 billion or 67.7 percent of all awards.

Table A below shows that the first five companies received 21.2 percent of the total received by all companies in FY 1987, compared with 22.0 percent during FY 1986. The company ranked as number one during FY 1987, McDonnell Douglas Corporation, received awards totaling $7.7 billion, compared with awards totaling $8.0 billion for the number one company in FY 1986. The smallest total amount received by a company in the FY 1987 list was $122 million, compared with $149 million in FY 1986.

Changes in the Top 100 Companies, FY 1986 To FY 1987

Seventeen companies who did not appear on the list last year are among the top 100 companies this year. (See Table B below.) Of these, one appears in position 67, and the balance between 75 and 100. The companies who appeared on the FY 1986 list who do not appear on this year's list are also shown in Table B. Companies are considered as appearing on the list in both years despite mergers, acquisitions, divestitures, and name changes if a major component of a newly constituted company or the newly constituted company itself made the list as a component of a company in the top 100 in the prior year.

Primary Procurement Categories of the Top 100 Companies

Although the contract work of many companies on the list includes more than one procurement category, each company has been assigned in Table C (below) to the procurement category that accounts for its largest dollar volume of DoD awards; for example, General Electric Co. is a multi-industry company producing electronic and communications equipment and industrial and consumer products. For this table, it has been assigned to "Aircraft", the procurement category accounting for its largest dollar volume of DoD contract awards.
